

DANGEROUS GOODS BY ROAD AND SEA

Road and Sea Training

Our open courses for Road and Sea Dangerous Goods Training are split in two; New Qualifier Courses and Re-Qualifier Courses. The New Qualifier courses are specifically designed for team members who are new to the world of Dangerous Goods.

On these courses, we spend time covering all of the principles of Dangerous Goods via Road and Sea and how to apply the principles in real life.

As with all of our courses, you'll have access to our instructors for the following two years for any clarification or issues you come across.

Following this course, candidates will be able to pack, mark/label, document and prepare Dangerous Goods shipments for Road and Sea Freight.

If you're not sure which course is right for you, contact us and we will be able to assist.

Scheduled courses for 2025
